

## PRIVATE LYING-IN ASYLUM.

An Association of Medical Gentlemen knowing the importance to the community, as well as to private individuals, of a Private Lying-in Asylum, have resolved to open such an Institution in this city. A suitable building has been procured in an airy and pleasant situation (up town), and properly furnished, and is now ready for the reception of patients.

All communications on the subject, and applications for admission, must be made to James Kennedy, M.D., 126 Duane Park.

The following named gentlemen have been consulted on the subject, and highly approve of the plan :

Valentine Mott, M.D., President and Professor of Surgery in the University of the city of New-York, and the President of the New-York Academy of Medicine.

John W. Francis, M.D., late Professor of Midwifery and the Diseases of Women and Children, Rutgers Medical College, New-York.

C. E. Gilman, M.D., Professor of Midwifery and the Diseases of Women and Children, College of Physicians and Surgeons, New-York.

J. R. Manley, late Professor of Midwifery and the Diseases of Women and Children, College of Physicians and Surgeons, New-York.

D. M. Reese, M.D., LL.D., late Professor of the Theory and Practice of Medicine.

A. Sidney Deane, M.D., late Health Officer of the Port of New-York.  
Hon. George Hall, Ex-Mayor of Brooklyn.

Hon. J. Harper, Ex-Mayor of New-York.

Moses G. Leonard, Esq., Alms House Commissioner, New-York.

☞ It affords me great pleasure to recommend the proposed Institution as calculated to effect much good. I think Dr. Kennedy skilful, and well fitted to arrange and manage such an establishment.

VALENTINE MOTT, M. D.

New-York, May, 1849.
